

ADS-B Solutions

In just four years, the FAA will require ADS-B technology on a majority of aircraft. Will your aircraft be one? How will you meet the requirement? Garmin Representative Mike Kerrigan will talk about ADS-B solutions in the cockpit, including free-standing and panel-mounted equipment. Don't miss this exclusive event. Click on the link below and register TODAY.

Directions: From the North, follow I-95 southbound. Take the first exit, 3A. Turn right off the ramp, go 1/2 mile, and turn left at Port City's sign. From the South, follow I-95 northbound through the Hampton Tolls to exit 3. Turn left at the top of the ramp, go 1/4 mile to a light, turn right, entering Portsmouth International Airport at Pease. Go 1/2 mile, and turn left at Port City's sign.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
